Re: OneNYC 2020 Progress Report

Dear Speaker Johnson:

Last April, the release of OneNYC 2050 set forth a new long-term vision for confronting our climate crisis, addressing health and wealth inequities, and strengthening our democracy. We clearly remain committed to these principles and goals and we remain committed to fulfilling our commitments under Local Law 84 of 2013. Even amid this ongoing health crisis, we can't lose sight of our looming climate crisis or addressing any other threats to our city.

However, with the ongoing COVID-19 pandemic still in a period of crisis mitigation and widespread community transmission, it is advisable to wait to publish the 2020 progress report until we can fully review our OneNYC implementation efforts in the context of the City's recovery process to ensure there is alignment between the two.

With all of these unusual extenuating circumstances in this unprecedented time, we expect to be able to publish the 2020 progress report in July 2020.

Sincerely,
